Judge Becker Asks Adequate Court Building

Municipal Judge Charles Becker met with county supervisors Tuesday in Redwood City to seek adjusted plans for the new $250,000 municipal courthouse to be erected this summer on old Mission road in South San Francisco.

A Westlake resident, Becker has asked supervisors to authorize a separate plan for the physical layout of the new SSF facility instead of making it identical to a new Central District courthouse in San Mateo, also scheduled for construction this summer.

Supervisors were tolerant of Becker's arguments for a separate plan, although this might mean an additional outlay of $6000. The policy at present is to make the two new courts identical, using the same architect's drawings with only minor variations.

Becker contends the new court in South San Francisco should be large enough to adequately accommodate the many functions of his staff, attorneys, and the court's heavy volume of cases.

He is not asking for a facility bigger than the one planned in San Mateo, but merely a change in the size of rooms and compartments within the new structure.

Becker pointed out that while two courtrooms are included for the new SSF plant, three are mapped for the replacement in San Mateo where two judges work the bench.

The SSF court, serving Daly City, South SF, Pacifica, San Bruno and the unincorporated areas, is totally inadequate to handle prisoners, clerical duties, and conferences between attorney and their clients. Also, Becker thinks the new court should include a library for law books, available for reference to all attorneys who utilize the court.

Henry Tarrett, county superintendent of building construction, agrees with Becker on the need for a separate plan for SSF. Supervisors, however, noted that plans for both new

McKEONS BID FOR SF TEAM IN PRO LOOP

Chris and George McKeon, father and son builders of Daly City's St. Francis Heights section, this week joined real estater Bernard Hagan in making a bid for a San Francisco entry in the newly formed American Football League.

Hagan, 31, former Westlake real estate salesman, represented the trio at mid-week in Dallas, where AFL owners met to discuss the eighth team in the professional loop which starts this fall.

Groups in Atlanta and Oakland also seek a franchise, but lack of a stadium in the latter may swing the choice to San Francisco. Los Angeles has a team in the new league and wants a SF entry to join, too.

Hagan said the prospects "look good for us because our proposed new SF team could play at either Kezar or Candlestick Park."

The McKeons reportedly put up a $5 million guarantee as their part in bidding for the AFL team.

Jeff Cost Less Per Acre Than Westmoor Land

Jefferson High School trustees discussed a number of money-saving ventures Monday evening.

A letter from Mrs. Stella Jensen, former clerk of the board for 24 years, was read with an accompanying legal notice dated February 21, 1923, which stated that 20 acres of the Union Park Tract would be turned over to the board for $2500 per acre. This later became the site of Jefferson High School.

Superintendent Ed Morgan said that only $1700 per acre was spent for Westmoor High property in 1951. Trustee Lyal Ingersoll commented, "I wonder what has caused the current deflation."

The explanation seems to be that the Jeff High property in the 1920's was very valuable because it was located in what once was the most populated section of Daly City.

Westmoor, on the other hand, is located high on a hill at the southwest corner of Daly City where housing developments aren't as costly as those in more centralized and flatter areas.

The board also passed a war surplus resolution. Science and electronics materials were bought from war surplus at a cost of 1 cent per pound. The board approved the $4.80 for 480 pounds of materials. Morgan said original value of the objects was $2500.

The board adopted the student teacher contract with San Francisco State. Morgan said the cost of gaining a student teacher under this practice is only $5 for six months.

Daly City Youth Makes The 'List' At Naval Academy

Midshipman Bruce G. Freeland, son of Mr. and Mrs. George R. Freeland of 156 Irvington street, Daly City, has been named to the Superintendent's List at the U. S. Naval Academy for the second half of the first term of the 1959-60 academic year.

To achieve the list a midshipman must attain an outstanding academic average as well as demonstrate proficiency in physical education.

Freeland is a graduate of Jefferson High School.

CONTRIBUTIONS STILL WELCOME IN POLIO FIGHT

Daly City-Colma volunteers Thursday night made their annual "March Against Polio," going door-to-door throughout the area asking donations for the New March of Dimes.

Overall chairman is Mrs. Sanford Vickers, 155 Abbott avenue, Daly City. She has led the local campaign for many years.

Residents who weren't home Thursday night can mail donations to Mrs. Vickers at her home address. Her phone number is PL 5-3590.

Contributions go to The National Foundation in its year-around program to aid polio, arthritis and birth-defect victims.

CAUSE for alarm was "bomb scare" call received by Daly City police last week from Westmoor High Principal Glenn South. The harmless device—definitely the work of a prankster with no knowledge of explosives—was found in the hall of the school. Police Sgt. Rico Benedetti (above) said it was the first time a bomb-like device had been planted in this area. Chief Roland Petrocchi added there was no way the contraption could have "gone off."

'DUD' BOMB AT WESTMOOR ALMOST REAL

"Bomb scares" at high schools have become more frequent since San Francisco State College let students out recently when a bomb was reportedly planted there.

Unique in the bomb scare at Westmoor High School last Thursday at 2:45 p.m. was the fact that one was actually found. It was a dead contraption and could not possibly be set off, but it had school officials and Daly City police scurrying for awhile.

Charles Cohen, a sophomore who works with the custodial staff after school, found a box 5½ inches high, 9½ inches wide and 12 inches long under some lockers. The bomb looked like the "real McCoy" in every way, police said.

Cohen took the box into Principal Glenn South's office and said, "Look I found a bomb." South immediately called police and contacted electric shop instructor Frank Barrows. Barrows took the wires off, which were connected from three jar tops to condensers, and tested them for voltage. Luckily, the navy-ordnance type bomb was dead and amateurishly put together.

It was the second bomb scare in three weeks at Westmoor. The other time, a young-sounding voice told the switchboard operator a bomb was set to go off at the school. Police were also alerted that time as well as the fire department and ambulance attendants.

Students were not dismissed last Thursday as it was felt more calls would come in if they were released for the day.

"If the phone calls could ever prove to be true it could be catastrophic for all involved," South said. "It's a hard decision to make whether the call is

Cop Given Chance To Resign Without Hurting His Career

The city council, after meeting with Police Chief Roland Petrocchi in closed session Monday night, announced that suspended Daly City patrolman Jeffery Wetmore has been given the choice of resignation or permanent dismissal.

The 25-year-old officer, involved in an embarassing incident two weeks ago when he allegedly threatened a San Francisco attorney as the latter went to visit Wetmore's former girl friend, had not indicated by press time that he would resign.

City Attorney Paul Hupf was instructed by the council late Monday night to meet with Wetmore and his attorney, Gregory Stout, on Tuesday to discuss the advantages of a resignation. Wetmore failed to appear.

The council feels that it would have to dismiss Wetmore if the young officer refuses to resign.

Described by Petrocchi as "an average officer," Wetmore plans to make police work his career, and is scheduled to enter the military service soon. A "firing" move by the council, it is believed, would handicap Wetmore's future in the profession.

Hupf scheduled another meeting with Wetmore and his counsel for later this week.

New Subpoena Stymies Callan Rezoning Move

Another subpoena Monday night stymied city council action on the rezoning of Callan Company's 21 acres off Eastmoor avenue.

A handful of Daly City homeowners claim the zoning is illegal, charging that the city's procedure (council and planning commission) in originally granting it was "improper."

Callan, long at odds with the council over the zoning, seeks to have the section rezoned from C-1 and R-1 to C-1 and R-3 for a shopping center and apartments.

The council made no comment on the subpoena Monday evening.

Only other uproar at this week's council session came

MARKET BASKET HIT BY TWO TILL-TAPPERS

William S. Anderson, 53-year-old clerk at the Market Basket, 6318 Mission street, told police that two Negro men entered his store at 2:40 p.m. Tuesday and tapped his register of $40.

The two suspects, described as between 40 and 45 years old and between 6 and 6 feet two inches tall, asked for cigarettes, liquor, and a package of peas.

The only thing the pair bought was the peas. Anderson later noticed $40 missing from the cash register and notified Officer Art Linhares.

CHAMBER PLEA ON MISSION ST. PROJECT FAILS

Daly City Councilmen Monday night voted down a a Chamber of Commerce resolution asking for a public hearing and modification of the state's proposed $100,000 project for Mission improvements.

The Chamber resolution against the state plans was presented by motel owner Hugh Smith Jr. who scored the council for allegedly refusing to consider the merchants' protests against a concrete, center dividing strip on Mission from Knowles avenue to Market street.

Smith, who earlier presented a petition signed by many of the merchants, presuaded the Chamber to oppose the center strip, claiming it was bad for business on both sides of Mission and the state's lack of designated left-turn lanes at all Mission intersecting streets constituted a traffic hazard increase.

Smith lowered the verbal boom on Mayor Edward Dennis in Monday's study session, charging that the state last week had indicated in San Francisco that SF would grant Daly City $12,000 for the removal of the old railway tracks on Mission. Smith does agree the railway tracks should be removed, but he feels the center strip would hurt business and that lack of left turn (duck-in) lanes off this strip would result in worse traffic conditions.

Dennis, backed firmly by Councilmen Bob St. Clair and Joseph Verducci, maintained that the state might abandon the entire project if the council asks that the dividing strip be eliminated from the project.

Dennis explained to Smith that State Highway officials last week "did mention that San Francisco had $12,000 for Daly City for removal of the rail tracks, but we have no proof we can get this money and $12,000 probably wouldn't do the job."

The mayor asked Smith if he knew where Daly City could get the additional $88,000 to improve Mission "if we don't accept this state project."

"Sinclair (state highway engineer) told us," Dennis continued, "that his department would abandon the whole project if we rule out the dividing strip."

"I think," Dennis went on, "that the dividing strip is essential to safety and I do not feel it would hurt business."

Smith wasn't satisfied, and he continued to lambast the council for "not scheduling a public hearing on this matter, leaving my letter against the project off a recent agenda, and your telling a different story than what actually happened in the meeting with Sinclair."

Councilman Micheal DeBernardi sided in with Smith's viewpoint partially Monday night. DeBernardi, who owns a

Council Race Gets Rolling--Sign Up Now!

They're off to the races in Daly City's council campaign. This Thursday was the first day candidates could obtain and file papers with the city clerk for the April 12 election.

All candidates for councilman, city clerk and city treasurer must have their papers endorsed by a minimum of five registered voters.

Deadline for filing nomination papers is February 18 at noon. The same date is the final day for residents to register to vote.

In Daly City's last council election, in 1958 when three four-year terms were at stake, there were 11 candidates. Two of the three incumbents lost their jobs.

Councilman Francis Pacelli and Joseph Verducci will be out to keep their seats this year.

There were 34 precincts in 1958 and 6721 of 14,510 registered voters invaded the polls. The top candidate got 2878 votes while the lowest number accorded a candidate amounted to 512.

For more election information, contact the city clerk's office, 75 Wellington avenue, PL 5-0850.

GLOE GRANTED EXTRA $1000 FOR LIBRARY

Architect John Gloe was given an additional $1000 contract Monday night by the city council to suggest and supervise the types and placement of furniture for the new Westlake library on Southgate avenue.

The library foundation is being poured and the building should be completed by midsummer.

Gloe is a resident of Westlake. He also designed the new Westlake fire station in Unit 10 at the corner of Lincoln avenue and Edgemont drive.

In more routine matters, the council:

1. Approved tentative map of Doelger's Westlake Unit 10-D, the former site of the proposed Portola K-6 school, off Higate drive and south of Belhaven avenue.

TRUCE MADE IN 'BATTLE OF EL DORADO'

An "armistice" temporarily has halted the war between Garibaldi street homeowners and builder Gus Pedemonte over the latter's plans for "El Dorado Park" one block east of Mission street.

Attorneys of both the homeowners and Pedemonte last week in court agreed on a compromise for the new development. City Attorney Paul Hupf Monday night told the city council that Pedemonte has agreed to build only duplex-type units on the south side of Garibaldi across from the homes. Earlier, Pedemonte was granted R-3 (apartments) zoning on his property fronting Garibaldi and Price street.

The Garibaldi residents, led by Frank Zanini, protested the zoning from its inception, charging that it was "spot zoning" and urging that the neighborhood kept R-1 (for homes exclusively). The council granted the R-3 zoning by 3-2 vote.

Last week's settlement, made at a hearing called by an injunction against Pedemonte, produced a restraining order to keep Pedemonte from building other than duplex units fronting Garibaldi. His plans for Price street remain the same, R-3 for apartments, along with those of two other apartment-minded land owners on Price.

Pedemonte will install a short street, linking the eastern, dead-end of Garibaldi, off Mission, south to Price street. The builder volunteered to put in this street and pay for it as a means of handling the increased flow of Garibaldi street traffic which would result with the addition of apartment.

The city council finalized action on the apartments Monday by approving Pedemonte's final map for the development, to be known as "El Dorado Park." Councilman Joseph Verducci, who along with Councilman Francis Pacelli was with the homeowners against the apartments, cast the lone "no" vote on the map Monday night. Pacelli was absent due to a family emergency.

Training Program Challenged

PERSONNEL BOARD ASKS DUTY STATEMENTS ON ALL DC JOBS

Chairman Mel Battye's motion for duty statements on all Daly City employees was unanimously approved by the personnel board last Thursday night.

Most of the employees' duties are already covered by ordinance, but Battye felt a few positions and several new titles recommended by the State Personnel Board should be clearly defined.

The personnel board is studying recommendations made by city department heads on duty statements and job changes suggested by the state in its recent survey.

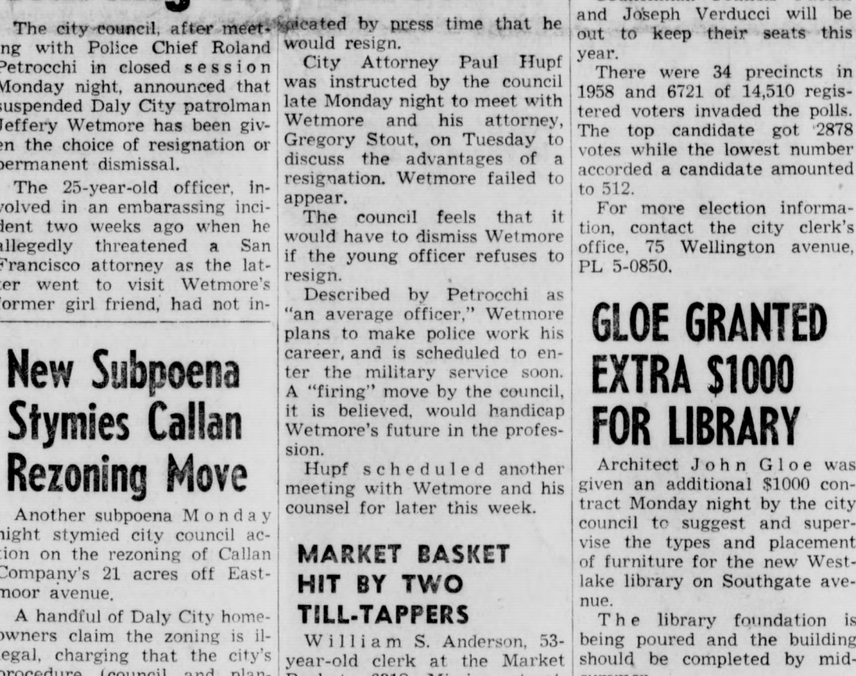

Battye and his group soon will make final recommendations to the city council. Councilmen to date have not discussed the State Personnel Board's survey, in which a few key job changes as well as wage increases for department heads are recommended.

Most of last week's personnel session was devoted to a heated discussion between Shelby Ross, president of the employees union, and the board on the North Peninsula cities' in-service training program.

Ross complained that Daly City employees hadn't been given the opportunity to participate in the selection of the eight courses to be offered on a voluntary basis.

Phil Brown, administrative assistant, explained that Joe Intaschi, city garage foreman, was present at the joint meeting held on arranging the program and that Intaschi should have informed DC workers

Angry Sausagemaker Gives Realty Men A Bad Time--With Shotgun!

A drunken man was arrested Tuesday after brandishing a shotgun in front of 301 South Mayfair avenue and being held down by two employees of Lamont's Westlake Realtors, 10 Park Plaza drive.

Lee W. Gettig, 61, 375 Willits street, a sausage maker, had bail set at $77.50 for disturbing the peace and being drunk on a public street. Gettig said he had been drinking for five consecutive days.

He told Officer Philip LaBruzzo some "unknown person" put a for-sale sign in front of his home. Gettig called the realtors and they took the sign away. A short time later a "sold" sign was in front of his residence. Gettig waited for his son to come home from school and order the 15-year-old to drive him to the realty company.

The boy said he committed numerous traffic violations enroute, hoping a policeman would stop him. When none did, he was scared of being shot himself and drove his father to the realty office. Gettig left the .30 caliber carbine in the auto and took the 12-gauge shotgun with him.

When LaBruzzo arrived at the scene, two real estate salesmen were pinning Gettig down and Sergeant David Hansen and Officer Jim Bergstrom were rushing to assist them. The affair happened at 4:25 p.m. At 8 p.m., Gettig, in a cell, complained of having a heart condition.

Junipero Serra Hospital authorities concurred and Gettig was examined there and then transferred to Community Hospital where a 72-hour hold was placed on him.

American Legion Posts Aid New Dimes' March With 'Crutch Days'

The annual "Rainbow Crutch Days" for the 1960 "New March of Dimes" will be held on Friday and Saturday, January 29 and 30, throughout San Mateo County, it was announced by the local chapter of The National Foundation today.

American Legion posts in the county again are conducting this important phase of the 1960 campaign, together with women in the Legion's Auxiliary Posts, according to Charles Lyon, of Belmont, county chairman for the event.

"We in the American Legion in this county have raised thousands of dollars on the Grutch Days in recent years, "Chairman Lyon said, "and hope to increase the donations for these little lapel emblems this year to perhaps more than $2000."

Lyon added that "we are planning to tour the county with a unit from the 40 & 8 Society of the American Legion, calling attention all next week to the Rainbow Crutch Days on January 29 and 30."

Scores of Legionnaires will offer the lapel emblems in the shape of little varicolored plastic crutches to the public "all over San Mateo County on these days, seeking to get donations of as much as anyone wishes to give," Lyon explained.

He said he and other leaders in the American Legion here, and nationally felt that "the expanded public health program of The National Foundation should appeal to us all to give this year more than ever to support this great work."

The expanded health program, Lyon said, includes intensive research in rheumatoid arthritis crippling many thousands of young and old, and birth defects also affecting thousands at birth, leaving them crippled for life.

"If the March of Dimes funds now can 'do a polio' on arthritis, for example, "Lyon added, "the drive will be well worth the effort, we are certain."

Oldest living thing in the world is believed to be a bristlecone pine in Inyo National Forest, estimated to be 4500 years old.

Adult Youth Leaders Talk At Wilson PTA

Woodrow Wilson PTA on January 19 presented an informative panel of youth group leaders in education. The panel consisted of Mrs. Heagney of the Girl Scouts, Mrs. Woldvogel of Blue Birds, Mr. Hurtz of Boy Scouts, and Dr. Koch of Indian Guides. Mr. Davis, Woodrow Wilson School teacher, was moderator.

They outlined the purpose of the youth organizations and questions from the large audience were well received. Problems which had confronted parents were answered and also the possibilities of joining these groups were discussed.

Founders Day Chairman, Mrs. Plansky, is making headway in her plans for an exciting evening on February 16.

Another date to remember is February 12, the day the "Song of the Troubadour" will be presented by the San Francisco Players Guild at Colma School and on the following day at Benjamin Franklin School. Tickets will be available every Tuesday at noon in the Woodrow Wilson School lobby, or contact Mrs. E. Mason, PL 5-5865.

SSF Man Stricken In His Car Here

Officer Ralph Warren transported Joseph Marenco, 50, 233 Willow street, South San Francisco, to Junipero Serra Hospital Sunday at 7 a.m. when the man's wife, Jina, reported he was having convulsions.

Warren responded to Marenco's parked auto, in front of 7399 Mission street, and drove him to the hospital.

Jewelry Thief Makes $4902 Raid In W'lake

James Graber , 24, of 840 North Mayfair avenue, told police his house had been ransacked and $4902 worth of jewelry and expensive clothing was taken between 12 and 8 p.m. Saturday.

Officer Philip LaBruzzo said it was evident the burglar had a knowledge of jewelry value as inexpensive costume jewelry was left behind. LaBruzzo said the thief gained entry through the rear basement door.

Graber said he left the house during the afternoon with his wife, Yvonne, and friends. When he returned the house had been looted of the following: a full-length mink coat ($2500); a ladies ring ($600); a pair of cuff links ($250); a strand of pearls ($500); a silver tea set containing seven pieces ($500); a beaver muff ($100); 120 cartons of cigarettes ($252); a mink collar ($100); a ladies watch ($100); and a diamond ring ($100).

Graber later notified police that he had found the pearls and diamond ring in a drawer with the costume jewelry.

DICK BURKHARDT ABOARD CARRIER AT BREMERTON

Richard R. Burkhart, seaman apprentice, son of Mr. and Mrs. W. H. Burkhart of 654 Southgate avenue, Daly City, is serving aboard the attack aircraft carrier USS Coral Sea which was commissioned January 25 at the Puget Sound Naval Shipyard in Bremerton, Washington.

Originally commissioned in 1947, the Coral Sea was active with U.S. and NATO forces in the Atlantic and Mediterranean before she was decommissioned in May of 1957.

Under continuous modification and modernization the last three years, the Coral Sea now boasts of an angled flight deck, streamlined hurricane bow and an advanced combat information center.

The crew will have personal bunk lights and writing desks besides a four-channel radio station and a closed circuit television system.

After recommissioning she will undergo sea trials in the Puget Sound area and make a "shakedown" cruise to California.

Bartender Cleared In Accident Which Hospitalized Girl

Carol Christopher, 6, 20 Miriam street, was taken to her family physician by her parents after being struck by an auto Friday afternoon in front of 247 Knowles avenue.

The driver of the auto, Robert Anthony Altieri, 22, 1077 Brunswick street, said the little girl darted from between two parked cars and he couldn't stop in time though he was travelling slowly.

Officer Richard deLosa did not cite the Westlake Bowl bartender.

DeBernardi Nixes Meet--- Press Attends

Councilman Micheal DeBernardi refused to attend a closed personnel meeting Monday night because a member of the local press was allowed to sit in on the session involving the status of suspended Daly City Police Officer Jeffery Wetmore.

DeBernardi left the council's study session room when Mayor Edward Dennis granted the newspaper reporter's request that the press be allowed to attend the closed meeting.

Waiting outside in the hall during the 25-minute confab about Wetmore, DeBernardi later told the reporter his failure to attend the meeting was "nothing personal." He said it had been his understanding earlier that the personnel session would be attended only by the council, Police Chief Roland Petrocchi and City Attorney Paul Hupf.

The government code specifies that personnel meetings of the city council are closed to the public and the press. However, many public agencies invite the press to such meetings with the understanding that all discussions therein are not to be publicized.

Mayor Dennis, Councilmen Bob St. Clair and Joseph Verducci, and Chief Petrocchi had no objection to the reporter's presence at the closed session. Councilman Francis Pacelli was absent from the regular meeting and closed session. He was called home prior to the 8 p.m. meeting due to the critical illness of his mother-in-law.

Customers Weren't The 'Paying' Type

Two men enjoyed $8 worth of food at Sanford's Restaurant, 7217 Mission street, last Friday at 3:25 a.m. and then ran out without paying.

Cook Willian Gunter, 27, 737 Hillside boulevard, said one of the men walked out the door towards a parked car and the second walked towards the cash register. The latter claimed he didn't have any money and called, "Hey Don, Wait!"

Then he ran out and jumped in an old model car and rode off. The hungry suspects were described as: 19-24 years old, 160 pounds, dark crew cut hair, and wearing a light grey suit; and 19-21 years old, 5-10, 175 pounds, dark hair, and wearing a dark grey suit. Officer Ralp Warren handled the investigation.

AWOL Man Nabbed In Phone Booth

Officer Al Nicolini came upon Roger R. Bohrne sitting in a telephone booth at Junipero Serra boulevard and North Parkview avenue Sunday at 6 a.m.

Bohrne, 20, was discovered to be AWOL from Fort Ord. He was turned over to the military police.

Personnel

(Continued from Page 1)

about the courses and phases of the program.

Battye reasoned that the program was underway, it was a beneficial program, and that the personnel board soon would consider giving employees credit for completing courses.

The first course in the series starts next month at Capuchino High School. The north county cities participating pay tuition of all employees who enroll and textbooks are purchased by the students themselves.

The first course is entitled "Public Relations" and is instructed by teachers recruited by the College of San Mateo.

Dave Cafferata and Nat Gaggero, both long-time employees, joined Ross in criticizing the selection of the courses and in challenging their practicality for local employees.

Cafferata said he thought an on-the-job training program would be better than general education courses.

Ross added that because the employees weren't given a voice in the selection of the courses that most of them would be opposed to the personnel board approving credit on promotional exams to employees who completed the courses.

Brown said he had made every effort to inform representatives of the employees about the program and had given it full publicity from the start.

In other action, the personnel board amended the rules and regulations so that henceforth an employee holding a classified position may temporarily be assigned the duties of another position for a period not to exceed 90 calendar days during any fiscal year. Under the new reading, should it be necessary to continue this appointment in excess of 90 days, prior approval must be obtained from the personnel board and the employee will receive either his permanent salary or the salary of the temporary position—whichever is greater. Total temporary employment cannot exceed six months.

Chamber Plea

(Continued from Page 1)

service station fronting Mission, suggested the matter be held over two weeks "so we can get a verified report on how much it would cost us to remove the rail tracks and repave the street."

DeBernardi, who along with Councilman Francis Pacelli at a previous council meeting had asked for more study with the merchants, said he was interested in the $12,000 promised by San Francisco for removal of the slippery and useless rail tracks.

"Certainly, the removal of the tracks is their (SF's) liability (SF operated the railway here) and I would like to see if they will release the $12,000 to us as Smith says," DeBernardi said.

He added that if a cost study were made on the removal of the tracks and estimates for resurfacing the street were determined, "then the council would be in a better position to make a decision."

DeBernardi suggested "there may be no need for the $88,000 if we get the $12,000 from SF and this amount is enough to remove the tracks and resurface over them."

Dennis answered this with the same questions he asked Smith — "where will we get the other $88,000, and should we ask the state to forget about a project that will benefit Mission street?"

DeBernardi followed with a motion to lay over the matter for 60 days pending a cost factor report and another inquiry to SF about the rumored $12,000 grant. But this motion failed for lack of a second. Pacelli, who also runs a business on Mission, was absent due to the illness of his mother-in-law.

St. Clair, who in the study session took Smith to task for "misinforming" the merchants, and Verducci, who questioned the availability of SF funds, shared Dennis' stand for the entire project.

Verducci emphasized that it would be "bad policy for us to ask the state to kill a project after we have agreed to it and the wheels are in motion for the work to begin as soon as possible."

"Our relationship with the state division of highways at all times is vital," Verducci declared. "If we turn around and reverse decisions that were once unanimous, then we will hurt all future assistance projects involving the state."

Police Chief Roland Petrocchi, appearing at the study session Monday at 7:30 p.m., clarified the police department's report to Smith on Mission street traffic conditions. Although Smith interpreted a report by Sgt. Henry Sundermann to mean that the dividing strip was impractical and would lead to more rear end accidents, Petrocchi said the report was misinterpreted by the motel owner. The chief confirmed that in his opinion the dividing strip would improve pedestrian and vehicular safety.

The Chamber of Commerce voted the resolution against the state project at its meeting January 21. Smith was accompanied to the council meeting by Fred Martin, another Mission street businessman.

Although several merchants signed Smith's petition against the dividing strip, only a handful of Mission street representatives appeared in person to protest before the council. Two of these were Fire Chief Elmer Kennedy and his brother Jim, who also own property fronting Mission.

Dennis reminded Smith again Monday that the $100,000 project, tied in with state proposed signals at Bismark-Mission and School-Mission, "will quickly improve conditions on this busy street, benefitting merchants and residents alike.

DeBernardi said a 60-day delay for more study on the decision wouldn't handicap the project because the state has told the council it will proceed with it about two months from now.

real or just a prank," he added.

"Obviously, someone with a distorted sense of humor is at fault. Anytime something like this happens it takes time for school and city officials to chase them down. Such acts are now classified as crimes and violators can be punished," he said.

South noted that Westmoor is not the only school to receive hoax phone calls. It has happened at four high schools, elementary schools in South San Francisco, and at College of San Mateo in addition to San Francisco State, he stated.

Recently two juveniles were picked up in South San Francisco for their making "bomb" calls to the high school there. They were taken to Hillcrest Juvenile Detention Home.

from Mrs. Michael Amorose, housewife from St. Francis Heights, who continued to criticize Councilman Francis Pacelli for "his performance on behalf of Westlake at the freeway hearing."

The outspoken woman used such words as "lies, inuendos, and favoritism" in her 20-minute tirade.

Pacelli wasn't present (due to illness in the family), but Mayor Edward Dennis and Councilman Bob St. Clair matched Mrs. Ambrose's remarks with counter statements.

Said St. Clair, "I think it's unfair of you to criticize Pacelli when he isn't here to defend himself."

"Pacelli does not lie and I resent the implications you have made," St. Clair stormed.

'SWASTIKA' SIGN PLANTED HERE— ON STORE DOOR

The swastika sign made its appearance in Daly City, but for a reason other than the usual anti-Semitic vandalism.

Manager Joseph Byrnes of the Do Drop Inn, 7009 Mission street, told Officer Matthew Murray Friday afternoon that a swastika sign had been pasted on his door.

The officer said the poster probably was some juvenile's idea of an election gimmick. The name of a Jefferson High School student who is up for re-election, was printed on the poster. The high school's student body election campaign is now in progress, Murray noted.

Murray said apparently no malice was intended, but that he would follow up the report at the school to stop further sign painting of this type.

Save The Hospital!

Daly City has only one emergency facility, Junipero Serra Hospital, owned and operated by Dr. Lawler A. Drees. Since its beginning, this hospital has been and still is the only major medical facility for thousands of citizens in the northern end of San Mateo county, not only for emergency cases, but for general hospital care and medical attention.

Several police departments bring their accident victims and extreme emergency cases to this hospital for immediate attention. Hundreds, even thousands of lives have been saved due to the central location and ease of access for emergency calls.

Hospitals are few and far between. We need more of them — not less. Therefore we must safeguard this extremely important part of our community by seeing that the proposed freeway does not disrupt it.

Trustees Make Double Session Appointments

Five counsellors, a dean, and two department heads have been selected from Jefferson and Westmoor high schools for assignments during the a.m. and p.m. sessions at Westmoor this fall.

Superintendent Ed Morgan of Jefferson High School District made the announcement at Monday night's board of trustees meeting. Counsellors for the Westmoor session will be George Simon and Evans Maionchi. Holding the same position during the afternoon "Oceana" session will be George Hinkle, Llewyllen Reese and Hannah Iobst.

Mrs. Alberta Carlen, currently in her fourth year in the district, was chosen as Dean of Girls for the afternoon session. She is currently a home economics instructor and counsellor at Westmoor. She received her A. B. and M. A. degrees from San Francisco State. Mrs. Carlen is also working toward a credential in Pupil Personnel.

Department heads for the Oceana student body will be Richard Coltrell, social studies, and Floyd Gonella, physical education. Eleven other transferees were accepted for the p.m. session, but Morgan said it is not yet known what subjects they will be teaching.

The board hired Sofie L. Eisenberg, adult school instructor; Harry J. Weidner, instructor at Westmoor; Mary Funai, Jefferson cafeteria replacement; and Dorothy Sangus, instructor at Jefferson.

BLOODMOBILE's visit to Westlake School last week brought 106 donors, among them many Jefferson Elementary District teachers and administrators. The response, according to "donor day" chairman Alfea Belli, was one of the best made recently on the Peninsula.

106 INVADE BLOODMOBILE TO MAKE DONOR DAY A SUCCESS!

Despite the flu scare and bad weather, 106 residents of Daly City-Colma and local organizations reported to the Bloodmobile at Westlake School last Friday afternoon to donate blood.

The four-hour project, chairmanned by Alfea Belli, speech coordinator of Jefferson Elementary School District, brought "outstanding response," she declared.

The donor day was sponsored by the Jefferson Classroom Teachers Association, headed by C. J. "Skip" Martindale, vice principal of Colma School, and was endorsed by Jeff Elementary District Superintendent Richard Foster.

The following organizations recruited donors: Ben Franklin PTA, Crocker-General Pershing PTA, Garden Village PTA, Hillside PTA, Vista Grande PTA, Vista Mar PTA, Westlake-Olympia PTA, Woodrow Wilson PTA, Mothers' and Fathers' Club, Daly City Fire Department, Rotary Club, Lion' Club, Broadmoor American Legion Post 824, YWCA, and Jefferson School District's teachers and classified employees.

Miss Belli said the day's goal was 100 donors, "so we did pretty well getting 106."

She cited the cooperation of the Chamber of Commerce and Peter Markovich for urging people to donate their blood, and "the PTAs' for coming through when we needed help."

The blood bank canteen in the multi-use room was staffed by members from the combined PTAs' who were assisted by teachers from all the district's schools. Girls of Scout Troop 24, all freshmen at Westmoor High, acted as baby-sitters. Mrs. Allan Mori, Troop leader, supervised the voluntary efforts of Lorreen Abbott, Rosalie Castano, Marilyn Downey, Vickie Guz, Ann Irby, Margaret Mori, Mary Sue Silver and Marilyn Wagner.

DC-Colma Only $10 Short Of Crusade Goal

The Daly City-Colma area is only $10.24 short of its residential goal of $4175.97 in the United Crusade drive for funds.

The amount collected to date totals $4165.73, according to Mrs. Charles Ecker, local chairman.

As far as the county goal is concerned, the drive raised a total of $609,503, or 100.1% of the total county goal of $608,811.

A great victory was marked up in the 1959 campaign of the residential division under the general chairmanship of Mrs. Martin Orloff of Colma. Working house-to-house, the 10,000 residential volunteers reached 106.6% of their goal.

The residential division also accomplished a task of great value by carrying the story of the Crusade and its member agencies to every home in the county.

Donations support 23 agencies in San Mateo County.

Volunteer handling local publicity for Daly City, Colma, Brisbane, and Pacifica was Mrs. Harry Ojakian of Daly City.

Mayors Sign 'Verducci Day' Proclamations

Mayor Edward Dennis of Daly City today followed the lead of San Francisco and Oakland mayors George Christopher and Clifford Rishell and ordered an official proclamation citing Councilman Joseph Verducci on the anniversary of his 25th year in coaching.

Verducci has been athletic director and head football coach at San Francisco State College since 1950. He was named Northern California "Coach of the Year" last fall.

A University of California graduate and former coach at St. Mary's College and Alameda Coast Guard, Verducci will be honored in a Bay Area-wide testimonial dinner at Scottish Rite Auditorium on February 11 at 8 p.m.

The San Francisco Jr. Chamber of Commerce is sponsoring the affair and Governor Edmund "Pat" Brown has indicated he will attend.

George Arabian, prominent San Francisco businessman, is general chairman of the "Honor Verducci" project. Tickets are $5 and may obtained by calling YU 6-2241.

Personnel Board Passes New Policy On Chairmanship

Daly City's personnel board has adopted a policy of rotating the board's chairmanship with an election the first meeting in July each year.

Melford D. "Mel" Battye is chairman of the board. The insurance man, who once served as Daly City mayor and councilman, succeeded Starr Dunham, a Westlake resident, as chairman. Dunham resigned recently following a heart attack. Battye lives at 140 Acton street.

Other members of the personnel board are Robert L. Young, 114 Valley street; Joseph P. Schultz, 548 Atlanta street, and John B. Drye, 98 Montrose avenue.

The council is expected to appoint a replacement for Dunham within a month.

Former Councilman Honored By Lions With 'Life' Award

Arthur J. Bodien last week continued to collect civic honors.

The former Daly City councilman, a resident of 28 Rice street, was presented an honorary life membership by the Daly City-Colma LionsClub. President Vince Murphy led the ceremony.

Late last year, Bodien was given a similar honor by the Daly City Chamber of Commerce.

Bodien, who admits "I'm getting up there in years," has been appointed chairman of the Daly City committee planning for the city's 50th birthday celebration next year.

AROUND TOWN

By ROY HURLBERT

Daly City missed landing a major "hometown" celebrity when Willie Mays of the Giants this week decided to buy a permanent winter home in New York state for something like $50,000.

Willie the Wonder was in Westlake with his business managers two months ago, examining an attractive residence on Southgate avenue near Vista Mar elementary school.

If you think Daly City's council election on April 12 will be wide-open, keep your peepers on the campaign in South San Francisco.

Emilio Cortesi, 12 years a councilman in the Industrial City, is really bombing the barbs into fellow incumbents—two of whom also seek re-election.

Cortesi is getting obvious results—plenty of attention and extra publicity.

• • • •

A man who knows that only organization brings results, High School Supt. Ed. Morgan is in charge of a Chamber of Commerce committee to recommend means of strengthening the DC unit.

Many people have complained about the Chamber's hesitancy in acting on certain matters—a drawback that unfairly diminishes all the positive things the Chamber has achieved.

Without a strong Chamber of Commerce, any town suffers and so do its businessmen.

Edward Frank, who assumes Daly City's managerial reins on March 1, has taken an awful razzing in Petaluma over the published fact that he's going to a burg whose council is faced with a $170,000 deficit.

The Petaluma and Santa Rosa newspapers joined the San Francisco press in reporting Daly City's budget situation.

They're calling Frank "the man with a challenge" up in the land of the chicken coops and leghorns.

Democrats have increased their lead over Republicans in San Mateo County voting registration.

County Clerk John Bruning says the latest count is 90,008 Demos and 77,239 GOP backers. Fourteen persons have registered under the Prohibition Party label.

Prohibition was the dry period in U.S. history when folks made millions on booze of all varieties.

The Republicans for the first time are outnumbered by Demos in SM County's 26th District, the former GOP stronghold in the south. There are 43,190 Demos and 43,166 Reps in the 26th.

Northern part of the county, the 25th District, finds the Demos way out in front, 46,098 to 34,073.

James Tormey, pipe-smoking county superintendent of schools, told the DC Chamber of Commerce last week, among other things, that boys aren't smarter than girls and vice versa.

He did stress that more boys are concentrating on science and mathematcs, in keeping with the "keep up with the Khrushchevs" theme. More girls want to go to college but matrimony will always be a detouring factor.

Also, Tormey pointed out that SM County schools are offering as much jet-age (science and math) instruction as any area in the country.

Next to Daly City, Millbrae is the "talk" of the Peninsula. Latest turnabout there was the comeback of four city personnel board members who earlier quit because they felt the council was turning a deaf ear to their recommendations.

Good liaison between a council and its commissions is a must if government is to be representative.

A council that fails to utilize the brainwork of its commissions is a poor council indeed.

Judge Charles Becker, the Westlaker who presides over the municipal bench in South San Francisco, wants a new court building large enough to accommodate the multi-functions of his jurisdiction.

The county manager feels the proposed new SSF court should be identical to another new facility in the central district of the county. Thus the CM thinks the same plans should suffice for both additions, and some money could be saved.

Becker knows his court handles more business than the central court and therefore it should be bigger.

The judge is the type of man who never speaks his piece unless he is absolutely certain his remarks are justified.

Becker isn't one who will sit by and let the north end take the leftovers from Redwood City.

St. Francis Heights' candidate for the Daly City council race?

Looks like Del Wilson, who failed in his re-election bid two years ago as a councilman. Del sells homes for McKeon Corporation.

Or will it be David Plyer, long-time resident of Daly City? He's 29, a graduate of SF State College, a Korea veteran, and a determined anti-freeway elocutionist.

Just can't forget the passage in Edwin O'Connor's unforgettable "The Last Hurrah," best-seller about old-style politics.

Frank Skeffington, the politico in power, claimed he was afraid of one candidate because the latter "has made just about every promise in the book to voters throughout the land."

Skeffington laughingly noted it was useless for him to fight the non-incumbent. "Heck," said Frank, "the guy is promising so much progress I think I'll vote for him myself."

LETTERS TO THE EDITOR

WHO STANDS TO GAIN?

'Just Who Is Progressing On Freeway Here Is Questionable'

Dear Mr. Bradshaw:

If the "voice of the people" is not weighed by the State Division of Highways and all political leaders (so-caller), then there will be abolished "freedom of speech."

Why should Daly City and all its neighboring districts have a freeway coerced upon them — one they vehemently oppose and have to pay for besides.

We need and want our homes and shopping areas.

All this major uprooting is put under the rosy name of "progress." Just who is progressing is questionable.

We, the people of Daly City and adjacent areas, do not stand to benefit from any freeway here. Since others are using every tactic possible to convince us otherwise, these "others" must be the ones who stand to gain something. Some sort of tryanny is rearing its ugly head. This entire freeway proposal was pounced upon us here out of a clear blue sky.

I say, residents arise! It's our town! Do not let them try to force this freeway upon us. Without us, they would have no town, no freeway, no nothing.

Do not let them confuse us into accepting what we do not want. And let us elect some leaders that are behind what "we the people" want.

Sincerely,
M. O. Richardson

WOMAN HURT IN FALL OFF BACK PORCH

Mrs. Harrieta Tambussi, 64, 150 Dunks street, was driven by Broadmoor Ambulance to Junipero Serra Hospital last Wednesday after she slipped on the back porch stairs at her home.

Broadmoor Police Chief Ray Savage and Officer Charles Manning responded to the call and said her injuries consisted of a broken nose and lacerated scalp. She was later transferred to Community Hospital.

Carpenter Didn't Fool The Cop With His 'Story'

William Antone Caridis, a carpenter, sawed-off too much when he told Officer Matthew Murray he had been drinking at the homes of Police Chief Roland Petrocchi and Captain Roy Beecher. He was arrested for being drunk in or about an auto.

Both officials said the carpenter had obviously made up the story in order to keep Murray from arresting him. Murray came upon Caridis, 41, who lives at 5 Northridge drive, slumped over the wheel of an auto at the corner of Southgate and Westmoor avenue in Westlake.

Murray said the auto was parked irregularly and there was a strong odor of alcohol about Caridis. When awakened, Caridis referred ot the officer as "honey." He then realized to whom he was talking and made statements about drinking at the police officials' homes.

Caridis failed the roadside sobriety test. It was found he had other Daly City police warrants against him and he was released on $15 cash and $100 bond bail.

Camp Fire Girls Open Annual Candy Sales Here This Friday

Peninsula Council of Camp Fire Girls will kick off their annual Candy Sale this Friday, January 29, in San Mateo County.

Blue Birds, junior members of the organization, and Camp Fire Girls in their red, white and blue service costumes will again this year have for their sale their popular light and dark chocolate covered mints provided by Bonn Candy Company. Each box will contain a guarantee of high quality fresh chocolates attractively packaged in colorful Camp Fire Girls Golden Jubilee boxes.

The purpose of the sale is to give girls training and experience in business procedures; to give girls an opportunity to earn camperships to their day and resident camp programs; to provide funds to purchaes a permanent resident camp; to supplement the operating budget of the council.

In 1959, 355 Blue Birds and Camp Fire Girls earned all or part of their fees for their day camp at Huddart Park in Woodside and for their attendance at Bay Area Camp Fire Girls' resident camps.

Safety and selling "Rules of the Game" have been adopted by the Camp Fire Council and are studied and rehearsed by each group before the sale in the girls' weekly meetings. Safety rules include: the wearing of the official service costumes of the organization; selling after dark only if accompanied by an adult; entering a house or an apartment is not permitted; girls will team off to sell in pairs and Blue Birds must be accompanied by adults; selling in areas where they will not be required to cross busy streets; receiving permission to enter office buildings and apartment houses from managers and then only when accompanied by an adult.

Twenty groups in the Daly City, Westlake and Colma area will take part in the candy sale, reports Mrs. Fletcher Vinson, local candy sale chairman.

The sale will continue through Valentine's Day, and close on February 15.

YWCA Speaker Is Librarian From Oakland

Miss Marian Trahan, Young Adult Librarian at the Oakland Public Library, will speak on "Eye Opening Titles of '59" at noon Thursday, February 4, in Westlake clubhouse.

Her appearance will mark the first in a series of monthly coffee hours and book reviews for Daly City area residents. This program is sponsored by the Friends of the Library and the YWCA of north San Mateo county.

Elaine Wolfe, YWCA director here, urges "a big turnout for the monthly features."

DONUT SHOP PROJECT AIDS NEEDY KIDS

On Tuesday, February 2, Frank Hunt, proprietor of the Hunt Quality Donuts shops, will turn his Westlake establishment at 235 Southgate avenue over to Little Children's Aid Junior Auxiliary. Members will staff the shop from 7 a.m. to 8 p.m. and all proceeds will benefit the underprivileged children of Catholic Social Service.

Mrs. Robert Dougherty is chairman of the event. She is being aided by Mrs. Richard W. McHugh, Mrs. Ernest Cookston, and Jean Schilling. Mrs. Martin J. Porter is in charge of staffing.

Hunt's generosity was, in part, inspired some years ago by the charity of Catholic Nursing Sisters who cared for the critically ill-daughter of a friend.

This is the second time Hunt and the Little Children's Aid Junior Auxiliary have participated in this unusual venture. The first took place last November in his Laurel Village shop, and was a success.

Meeting Room is 314, Veterans War Memorial Building, Van Ness avenue and McAllister street, at 8:30 p.m., with Mrs. Angelina Castro, president, presiding.

This will be Mrs. Ganey's official visit to Eighth District during the year 1959-60. Chairman of the evening will be Mrs. Alpha Egan, first vice-president of the Eighth District, with all unit presidents participating.

The Eighth District American Legion Auxiliary's Junior Drill Team will perform the escort work, and entertainment for this special occasion will be furnished from within the eleven units comprising the District.

All unit colors will be advanced and members and friends are invited to be present to greet Mrs. Ganey and her official family.

GIVE THIS SOME THOUGHT

'Believe It Or Not, Cops Are Human Like The Rest Of Us'

(Editor's Note: The following message was presented to the men of the Portland Police Department by Capt. Conrad S. Jensen of New York's Eastside Precinct during his visit to Portland last month. It was forwarded to this newspaper by Josephine Runne, secretary to Daly City Police Chief Roland Petrocchi.)

WHAT IS A COP?

Cops are human (believe it or not) just like the rest of us. They come in both sexes, but mostly male. They also come in various sizes. This sometimes depends on whether you are looking for one or trying to hide something. However, they are mostly big.

Cops are found everywhere — on land, on the sea, in the air, on horses, in cars, and sometimes in your hair. In spite of the fact that "you can't find one when you want one," they are usually there when it counts most. The best way to get one is to pick up the phone.

Cops deliver lectures, babies and bad news. They are required to have the wisdom of Solomon, the disposition of a lamb and muscles of steel and are often accused of having a heart to match. He's the one who rings the door bell, swallows hard and announces the passing of a loved one; then spends the rest of the day wondering why he ever took such a "crummy" job.

On TV a cop is an oaf who couldn't find a bull fiddle in a telephone booth. In real life he's expected to find a little blond boy "about so high" in a crowd of a half million people. In fiction he gets help from private eyes, reporters and "whodun' it" fans. In real life, mostly all he gets from the public is "I didn't see nuttin."

When he serves a summons he's a monster. If he lets you go, he's a doll. To little kids he's either a friend or a bogeyman, depending on how the parents feel about it. He works "around the clock," split shifts, Sundays and holidays and it always kills him when a joker says, "Hey, tomorrow is Election Day, I'm off, let's go fishing" (that's the day he works 20 hours).

A cop is like the little girl, who, when she was good, was very very good, but when she was bad she was horrid. When a cop is good "he's getting paid for it.' 'When he makes a mistake "he's a grafter and that goes for the rest of them too." When he shoots a stick-up man he's a hero, except when the stick-up man is "only a kid, anybody coulda seen that."

Lots of them have homes, some of them covered with ivy, but most of them covered with mortgages. If he drives a big car, he's a chiseler; a little car, "who's he kidding?" His credit is good; this is very helpful, because his salary isn't. Cops raise lot of kids; most of them belong to other people.

A cop sees more misery, bloodshed, trouble and sunrises, than the average person. Like the postman, cops must also be out in all kinds of weather. His uniform changes with the climate, but his outlook on life remains about the same; mostly a blank, but hoping for a better world.

Cops like days off, vacations and coffee. They don't like auto horns, family fights and anonymous letter writers. They have unions, but they can't strike. They must be impartial, courteous and always remember the slogan "At your service." This is sometimes hard, especially when a character reminds him, "I'm a taxpayer, I pay your salary.

Cops get medals for saving lives, stopping runaway horses and shooting it out with bandits (once in a while his widow gets the medal). But sometimes the most rewarding moment comes when after some small kindness to an older person, he feels the warm hand clasp and looks into grateful eyes and hears "Thank you and God bless you son."

Cal Dental Alumni Attend 64th Annual Meeting In SF

Ten Daly City dentists—Drs. A. G. Horoqitz, Raymond W. Nicholls, Harry E. O'Neil, Donald R. Rees, Cyril G. Tukeman, Howard R. Cunningham, Raymond L. Knight, Thomas D. Lewis, Charles H. McMills, W. Robert O'Neil and Bernard L. Thompson — were among the more than 1500 dentists attending the 64th annual meeting of the U.C. Sears, of Salt Lake City, former professor of prosthetic dentistry at New York University; Dr. Robert H. Willey, of the University of Southern California dental school, and Dr. William J. Free Home Nursing Classes Offered By The Red Cross

The classes will be taught at Red Cross headquarters, 1625 Van Ness avenue, and at various neighborhood points throughout the city.

The 1958-1959 audit report, mate to Jefferson Elementary District trustees, found an 11 per cent increase in average daily attendance. There were 644 more students attending classes daily compared to the previous year.

The total expenditure for average daily attendance was $5 higher than the previous year, figures being $367.57 for 1959 and $362.75 in 1958.

Eagles Seek Signatures In 'Jobs' Project

One million signatures are sought by the Fraternal Order of Eagles in their campaign for "Jobs After 40," a program seeking to ban job bias based on age. Already over 750,000 signers have backed the request for enactment of a Federal "Jobs After 40" law. The program has been highly endorsed by organizations and labor leaders throughout the nation. The 1,000,000 signature petitions will be presented to Congressmen at Washington, D. C.

A resolution urging legislation to eliminate age discrimination in employment was passed last night by Oaly City's Colma-Vista Grande Aerie of the Fraternal Order of Eagles, as another step in a nation-wide "Jobs After 40" campaign to provide job opportunities for thousands of persons in their middle years.

The resolution declared that "age discrimination in employment is an unwarranted practice which is depriving many thousands of physically sound and experienced workers of the means of a livelihood, and which is resulting in a tragic waste of manpower in the American economy."

The resolution stated that "responsible surveys have established that workers in their middle years, and older, have many invaluable assets as employees — mature judgements, highly developed skills, reliable productive capacities, steadfasteness in one job, lower accident incidence, and low absenteeism records."

The measure added that "enactment of legislature to prohibit discrimination because of age in hiring and employment would provide new employment outlets for a great number of highly qualified persons, would bring comfort and happiness to many families, and would utilize a vast segment of the American manpower now needlessly wasted."

In loss of human life, the worst forest fire in California history was the Rattlesnake fire in the Mendocino National Forest in 1953, when 15 men were burned to death.

Letters To The Editor

W'laker Lauds Council On Freeway Issue

Dear Mr. Bradshaw:

I would like to commend the Daly City Council for their final recommendation on the freeway route.

In reference to your column last week, Mr. Plyer states—what is Daly City's position concerning freeways? It was my understanding at the council and also at the freeway meetings that they would rather see it go through commercial property than uproot peoples' homes, therefore recommending the East YT or plan 2 Junipero Serra freeway, doing less harm to the city than any other route proposed by the state.

It is an asset to the people of this great city to have a councilman like Francis Pacelli to do what is best for the people as a whole.

The freeway committee has been in force for the past year and a half or two. What did they accomplish? Nothing. The only time they came to a united agreement was when they adopted the so-called East YT route. All of a sudden, only two weeks away from the state public meeting, some of the members took the stand "no freeways through this city." Incidentally, about a third of this committee didn't even live in our city. I think the council was very wise in abolishing this committee and making a final stand through the magnificent presentation made by our city attorney Paul Hupf. A job well done.

Being a past director of the Westlake Improvement Association, I have attended many of the meetings held with the state. Where were these other people then? It was my understanding, which has never been brought out, that the state is putting a freeway down Junipero Serra regardless what route is adopted. Check all six routes and see what I mean. The big question is where are they going to link the East - West Freeway connecting to the now existing freeway in Pacifica—down Alemany or further south?

I live right in the path of one of the proposed routes, so naturally I am very concerned. I bought my home ten years ago under the GI bill of Rights, and we sure don't want to lose it. But more unfortunate than us are the ones behind us having homes ranging from 20 to 40 thousand dollars who will have this freeway either in their back yard or directly in front of them. I believe that is the reason the council has taken the stand of no freeway through residential areas. I'm sure not confused and neither are a lot of other people.

Sincerely,
Chas. P. Santuccio

TV and RADIO

By MONA BAKER
Staff Writer

Five and one half million minutes of television shows compressed into 112 minutes—this is what the noted producer Leland Hayward will accomplish when CBS, KPIX, brings to viewers "The Fabulous Fifties" — two-hour documentary review of the past ten years in television (Sun. Jan. 31, 7:30pm). In a special closed circuit press telecast, Mr. Hayward introduced some of the famous personalities appearing on the telecast and explained that the program will be a history of television's past decade and the effect it has on our lives. Asked what the program will cost, Hayward said he didn't know exactly, but that it will be expensive.

The list of stars appearing on the program read like show business "Who's Who" and will include Julie Andrews, Eric Sevareid, Henry Fonda, Rex Harrison and many others. Do plan to watch—we think it will be memorable television and bring back nostalgic memories. Such a program should be preserved and then in 1970 when they do "The Sizzling Sixties" (we've already dreamed up a name for the next one) it will be a most enlightening comparison because during the next ten years, television will be quite different from what it is today.

Teen-agers in your family? Do encourage them to watch KQED's new program "About You" (Thurs. 8pm) which premiered last week. With an alert, intelligent group of young people asking questions, discussing problems such as parent relationships, dating future careers, led by Noel Rayburn, assistant superintent of schools of Santa Cruz County, the program is excellent and certainly thought - provoking television both for young people and parents.

Most enlightening and entertaining is "Seven League Boots," a documentary-adventure which recently premiered over KTVU (Sat. 7pm) hosted by Jack Douglas whose documentaries "Bold Journey" and "I Search for Adventure" have won many awards. His staff includes seven globe - trotting cameramen who travel throughout the world gathering material — this week's program "The White Trail to Buddha."

Enlightening radio is KGO's "Now Hear This," weekday morning show slated toward thoughtful adult listeners bringing news and information on wide variety of subjects. Latest addition to program last minute ski information on Fridays.

ZASU Pitts (right) departed from her usual ludicrous antics on the TV's "Gale Storm Show" with some serious answers to Marchbanks' columnist Mona Baker. Matriarch of the stage, screen and radio, Miss Pitts said an acting career demands a lot of fortitude and persistence. Miss Storm (ieft) is one of Hollywood's loveliest ladies.

WEEKEND entertainer at Frank Martinelli's Steak Pit is popular recording artist Guy Cherney, a Bay Area favorite. Guy performs at the local establishment on Friday and Saturday nights.

Two For Tonight

By Leonore Brewer

With the help of Shaw and two fine performances by Tom Rosqui and Robert Symonds, the Actor's Workshop is amusing audiences weekends at the Marines' Memorial Theater with one of their customarily competent performances of the only play we know of that has as its setting the American Revolution—"The Devil's Disciple."

It is one of Shaw's earlier works, in fact it was upon its presentation that the financial rewards started to come in at the rate that enabled Shaw to give up his dramatic criticism and devote himself to his own plays. Though it is not as rich in the social criticism nor as liberally sprinkled with poisoned barbs as were the later plays, there are several quite pointed comments on convention and history, most of them given to General Burgoyne to deliver.

"Gentlemanly Johnny" burgoyne is a sunny-natured, urbane, witty, literary brother of Shaw's Caesar. Robert Symonds portrays him with a touch of off-hand elegance and delivers his barbed shafts with a mocking insouciance that keeps him the center of attention. It is a role which the author's notes tell us is as faithful a portrait as stage portraits are apt to be, and its overall offect is to encourage the thought that the wrong side won the Revolutionary War.

Although we wouldn't have dared to say it to the terrible-tempered Bard, it is the play's weakness that things rather jog along until the General strides on stage. It's difficult to work up much interest in a black sheep, one Richard Dugeon (Tom Rosqui), who maneuvers himself into inheriting the family fortune, such as it is.

Even when he, a self-confessed, cowardly fellow, permits himself to be arrested in place of rebellious parson Anderson (Joseph Miksak) and in refusing the latter's wife (Priscilla Pointer) when she throws herself at him reveals himself as a surprised but genuinely honorable man, there is little to make a worthwhile evening.

There are a few laughs here and there, principally thanks to Mara Alexander Gilbert as the seemingly worthless Dick's persimmon-like mother. Then Burgoyne, in criticizing plans to hang Richard, says in a world-weary voice, "Martyrdom, sir, is the only way in which a man can become famous without ability," and it is as though a brilliant wit had suddenly appeared at an otherwise dull party.

Notable is Dwight Frye as a Sergeant in the gravel-voiced tradition of Captain Bligh with just a touch of Pooh-Bah in his acceptance of a bribe.

The first of the big names hit the local area this past weekend when Frank Martinelli's Steak Pit presented Guy Cherney to the opening nite crowd in the Garden Room. Sprinkled throughout the crowd were many celebs, and members of the 4th estate who thoroughly enjoyed themselves. With plenty of free parking away from the hustle & bustle of tightly packed crowds it looks like we'll be seeing a lot of new faces in Colma and Daly City.

Toto's Pizzeria really did the job the other nite for one of the local baby shower parties. Instead of wasting a lot of time and going to great expense the hostess called Toto's late in the evening for a varied selection of Pizzas (hot) and surprised the group, delightfully, with something different. From what we hear, it went over great. Sounds like a good suggestion for your next party, HEH?

Eagles' State President Urges 'Jobs After 40' Drive Support

The California Eagle lodges will continue their efforts to encourage employers to discontinue the all too prevalent practime of discriminating against middle-aged workers, according to Charles Payne of Tracy, president of the California State Aerie, Fraternal Order of Eagles.

Payne will discuss the Eagle-sponsored "Jobs After 40" project when he visits Colma Vista-Grande Aerie No. 1848 next week. He is scheduled to speak at a meeting to be held in the ledge hall at 7 p.m. Thursday, February 4.

Payne, who has been employed by the United States government for many years, has long been recognized as a civic leader in Tracy, California. He also has been active in Eagle lodge projects including youth guidance programs, cancer fund drives and the Eagles' own Memorial Foundation, which gives financial aid to children of Eagles whose fathers were killed in World War II and the Korean conflict.

CHARLES PAYNE
. . . Eagles chief

Payne recently conferred with Governor Edmund G. "Pat" Brown at the Eagles "Jobs After 40" exhibit at the California State Fair. The Governor told Payne that he was gratified to learn that the Fraternal Order of Eagles, of which he is a member, is conducting an active campaign against age barriers in employment procedures.

"Today too many competent, able-bodied, trained and experienced workers are being told that they are too old, even at age 40. I heartily endorse the Eagles state-wide program to endeavor to urge public and private employers to hire on ability — not age," Governor Brown told Payne.

Following his talk on the progress of the "Jobs After 40" campaign, Payne will discuss lodge problems, including local plans for curtailing juvenile delinquency, safety crusade projects and a national F.O.E. membership contest whereby local lodge members will be given the opportunity to win an all expense trip to Hawaii.

All members are urged to attend this meeting as it marks the 51st birthday of the Aerie and is rightly termed "Old Timers Night." Festivities will begin with a full course dinner at 7 o'clock, followed by the regular meeting during which time new candidates will be initiated into the order and there will be a presentation of 20, 40 and 50-year membership pins. Secretary Dell Fehl suggests that members attempt to have at least one candidate present "30."

Mrs. Bernice Meinzer and Mrs. Vivian Wingate announced February 17 has been set as the date for a spaghetti dinner, held in the multi-use room of Colma School. Widows, Orphans May Be Eligible For VA Pensions

Widows or orphans of World War II or Korean-conflict veterans who are ineligible for pension payments under the present law should investigate the possibility that they may become eligible on July 1, 1960, the VA said today.

The VA pointed out that on July 1 the new pension system passed by Congress in 1959 goes into effect.

The new system does not require that a veteran have a service-connected disability before his dependents become eligible for pension following his death.

The new pension system requires that the deceased veteran must have had at least 90 days service on active duty, at least part of it during wartime, and was discharged under conditions other than dishonorable.

However, the new pension system has certain annual income limitations and sets up a specific definition of a widow for pension purposes.

World War II or Korean-conflict widows, orphans or their representatives should now contact the nearest VA office to see if they are eligible under the new law, VA said.

A Major Facility

$500,000 INDUSTRY BUILDING TO BE BUILT FOR COUNTY FAIR

A large-scale industrial products show will be a new feature of the 1960 San Mateo County Fair and Floral Fiesta, Manager William Wilson announced today.

Announcement of the expanded Fiesta program follows awarding of a contract yesterday for construction of a $500,000 building to house the industry exhibits. W. A. Moroney Construction Co. of Burlingame will build the attractive new structure, scheduled to get under way next week. The contract calls for completion by July 1, in time for the 1960 Fiesta beginning August 5.

Actual building costs will total $360,000 but landscaping, paving, outside lighting and other utilities will bring total cost of the exhibit facilities up to a half-million dollars, Wilson said.

"This is the culmination of two years of work and negotiation," Wilson explained. "It makes possible a major expansion of the San Mateo County Fiesta which already ranks third among county fairs of its class in California.

"Because of the growth and development of industry in this area during the past several years, the board of directors felt that our Fiesta should feature this symbol of progress and source of great new wealth in our communities."

Wilson pointed out that the industrial exhibit will not detract from or minimize the floral exhibit portion of the Fiesta which has long been recognized as one of the finest flower shows in the nation.

"The board feels that a display of industrial products manufactured in the area will be an appropriate compliment to a major floral exhibit. After all, flower growing is one of the oldest and most important industries in the county," Wilson said.

The other traditional features of the Fiesta, including livestock, farm product and home economics exhibits will be expanded to make the 1960 show the biggest ever undertaken in the 25-year history of the event, according to Wilson.

"Plans are already in progress," Wilson said, "to obtain support of major industries of the area for the display of the hundreds of products now manufactured, processed or fabricated in our communities.

"We believe that this new feature of the Fiesta will not only be interesting and educational to spectators, but will give industries an opportunity to demonstrate the important role their firms are playing in the economy of our county.

"In addition, a whole new field of spectator interest will be opened up for the many residents and visitors who may not have been attracted by a predominantly floral - agricultural type of show in the past."

Wilson pointed out that the Fiesta organization will seek help and advice from the San Mateo County Manufacturers Association and the County Development Association in staging this important part of the Fiesta program.

The Fiesta's promotional program will feature a theme, soon to be announced, that will carry the message of floral beauty and industrial wealth to the people of California and other sections of the country who will be attending the August event.

The 40,000-square-foot-building was designed by the architectural firm of Jannsen, Daseking and Keller of Menlo Park. The building, to be located in the northeast section of the Fiesta grounds in San Mateo, has an unusual design featuring a roof of pre-cast concrete shells.

The new facilities will be available in the off-season for other shows and conventions just as existing buildings are used throughout the year.

Money for construction comes from two sources—state levies on parimutuel racing operations and revenues accumulated from past fairs.

FIESTA'S BIG AUDITION — Industrial building will occupy area shown in upper left of photo. The half-million-dollar building and grounds will cover three acres. Total Fiesta property takes in 25 acres north of Bay Meadows in San Mateo. Adjacent areas provide 23 acres of parking.

Eleanore D. Nettle, JC Trustee, Feted By 17th District Of PTA

By Bunny Gillespie

North San Mateo County was well represented last week as the 17th District of the California Congress of Parents and Teachers held its sixth annual dinner meeting in San Mateo.

At the gathering of the county-wide group were the presidents of most of the local PTA units and their spouses with their guests, the principals of local schools.

Present, too, with escorts, were the following North county-ites who are this year serving as members of the District corps of officers: Mrs. Foriest M. Cunningham, vice-president; Mrs. A. J. Huelse, registration chairman; Mrs. Del Wilson, preschool chairman; Mrs. Roy Milam, international relations chairman, and Mrs. Kenneth Gillespie, publicity chairman.

With the Villa's impressive Pacifica Room as the setting, close to 500 PTA enthusiasts were privileged to hear Col. Frank H. Higgins, U. S. A. Retired, of Atherton, discuss "Foreign Competition — Is It a Threat?" Mrs. Cunningham introduced the speaker of the evening, whose wide experience and national recognition has qualified him to speak on his chosen subject. Col. Higgins is the former Assistant Secretary of the Army.

Earlier in the evening Mrs. Eleanore D. Nettle of San Mateo became the recipient of the District's first 1960 Honorary Life Membership award.

The presentation, given to deserving persons in recognition of outstanding service to their community, was made by Mrs. Guy Steacy of Burlingame, District HLM chairman. Working with Mrs. Steacy in selecting the honoree were Mrs. Theodore Labhard of Burlingame, Mrs. C. N. Underwood of San Mateo, Mrs. L. E. Engleman of Redwood City and Mrs. Gillespie.

Long a resident of San Mateo County, Mrs. Nettle is currently a member of the board of trustees of the San Mateo Junior College District and has served two terms as president of that group. Her other affiliations include the San Mateo County Probation Committee; the County Advisory Planning Council; the County School Boards Association, for which she is publications chairman; and the Junior College Section of the California School Boards Association, of which she is organizing chairman.

Mrs. Nettle, who attended San Mateo Junior College, is the mother of Miss Jane Nettle and twin sons, Jon and Philip. Her husband, Lester Nettle, is associated with the Matson Navigation Co.

In making the presentation of the high award, Mrs. Steacy cited Mrs. Nettle's long record of 17th District participation, which included the office of parliamentarian, legislation chairman, juvenile protection chairman and HLM chairman.

In addition she has formerly served as president of the San Mateo branch of the League of Women Voters.

Mayor Dennis Makes Speech At Thortnon

The January assembly at Thornton School last was called to order by Student Body President Alice Berry. The theme of the assembly was citizenship. The flag salute was led by Dan Logan, representing the Boy Scouts. President Alice Berry spoke to the group on citizenship in the home and community.

Guest speaker was Edward Dennis, mayor of Daly City. Dennis based his address on citizenship and its relation to the system of government on the local, state, and national level, as well as the importance of citizenship in democratic living.

Other speakers included faculty member Barbara Ryan, who reviewed specific qualities of citizenship and introduced Pamela Thomas, Billy Coil, Lorraine Lewin, and David Holmes as those persons selected as citizens of the week. Faculty member Peter Hansen outlined the procedure for the forthcoming student body elections, and reviewed the educational and student participation objectives of student body organizations. Principal Louis Bostwick urged all students to heed the good advice offered by the speakers and to work to improve citizenship at school and at home."

DC Students Aid CARE Food Drive

Daly City students are participating in the CARE School Crusade to send packages of food to hungry children overseas this winter.

Westmoor High School's English 3-4, Room 13-20, is sending 13 CARE Food Crusade packages abroad through their recent donation to the overseas relief agency.

Instead of exchanging Christmas presents, Homeroom 39, eighth grade at Benjamin Franklin Elementary School, took a collection for those who would not be able to enjoy the Yuletide season, according to Douglas B. Paulsen, teacher. The class is sending 10 food packages to those who need it the most. Members of the class include: Steve Zarate, Gary Mendoza, Paulla Hoyt, Gail Cartwright, Lou Botti, Ray Paoli, Louis Rain, Gary Hennings, Laurel Cole, Lorraine LaFanci, Stephen Rubin, Dwight Scoville, Chuck Murray, Herb Meneken, Richard Soholih, Lynda Brown, Norman Barza, Connie Barone, Diana Adami, Joan Barkard, Adele Gooding, Barry Wilson, Walter J. Lane, Virginia Erapse, Michael Gallaher, Dianne Hagerman and Mike Hinkes. Other include Marianne Crabb, Chris Coppola, Sherry Lynch, James Work, Jimmy Manning, Jane Soto, Janet Spencer, Bob McLasker, Betty Valdez, Stephen Maurer, Pat McGovern and Ken Doyle.

Each CARE Food Crusade package sent by the Daly City students contains enough food to help feed a family of four overseas for a month, reports Michael C. Phillips, CARE Regional Director. These dollar CARE packages are a combination of U.S. agricultural surplus and additional foods purchased to balance nutritional needs in the various countries, he said. Distribution of all CARE packages is made under the supervision of the agency's American personnel abroad.

The regional CARE office is as 444 Market street, San Francisco.

Junior Loops Now Forming At Pin Alley

There is a great deal of interest on the part of the Daly City youngsters in the new junior leagues that are forming. Aside from the regular bantam, junior, and senior leagues being offered at the Westlake Bowl, an additional league is being formed. In answer to many requests, a senior mixed league will start February 5. This is unique in that it is a Sunday morning league. Bowling time is set for 9:30 a.m. There is still time for boys and girls 15 to 18 years of age to sign up.

Last Saturday after a day of orientation bowling for the old and new bowlers to get acquainted, the Bantams and Juniors had their trophy parties. After refreshments the junior keglers settled back in their chairs to see two fine movies on the A.J.B.C. Also shown was a very fine film titled "America Bowls." After seeing the movies the kids could hardly wait to get their awards and get right out to the lanes and practice some of the tips the pros demonstrated on film.

The spotlight of the banquet was when Joseph Verducci, Daly City councilman and head football coach of the undefeated San Francisco State Gators, was introduced by John Swanson, proprietor of the Westlake Bowl and former football coach and USF gridder. Several quips were passed between the two while the youngsters roared with laughter.

Verducci told the youngsters that they were learning a fine activity and that the trophies and awards they were receiving represented outstanding achievement and that they should be quite proud of their demonstrated ability. Verducci's son was not in attendance but he'll be at the banquet at the end of this season.

Hair styles on the girls will be done by Don's Beauty House of San Francisco.

MILLS SKIMS PAST JEFF FIVE, 54-52

"We played one of our better games, only to lose by the one mistake that cost us the ball game," Coach Mike Orlich said of his Indian five that was edged by Mills, 54-52, last Wednesday at Mills.

The one mistake was the anxiousness of Gary Bonini, who tried to steal a pass that was aimed at 6-6 center Howard Sundberg. The other Jeff players were trying to enforce a press with 30 seconds left when Sundberg took the pass and made an easy lay-up.

Jeff had one more try at tying the score but Jack Horn's shot rimmed the bucket and fell away dead. It was the fourth consecutive game for Mills (2-2) in which the issue was decided by 2 points. Jeff's mark moved to 1-3.

Jeff led at every quarter except the last. The scores were: 16-8, 29-23 and 43-37. The Indians also had the most shots (64-50) and the greater number of rebounds (42-28). Mills made almost 50 per cent of their attempts, connecting 24 times, while Jeff had a 33 per cent mark with 21 field goals dropping through the nets.

Orlich said he was pleased with the floor game of Rich Mortola. Mortola also made 8 points. Gary Molossi maintained his top league scorer spot by pumping for 18 points while Horn had 15 markers.

The mentor noted that Hiram Sibley did not make the trip as he had the flu and Bonini played the entire contest, though weakened by the same malady.

The B's, down 15-6 at the end of the first quarter, unleashed a savage attack which found them defeating Mills, 49-31. Ralph Coloiaro led the lightweights with 14 points. Half time score was a slim 23-21 margin.

MOLOSSI GETS INDIVIDUAL HIGH, 27

W'MOOR BEATS JEFF, TIES FOR FIRST PLACE

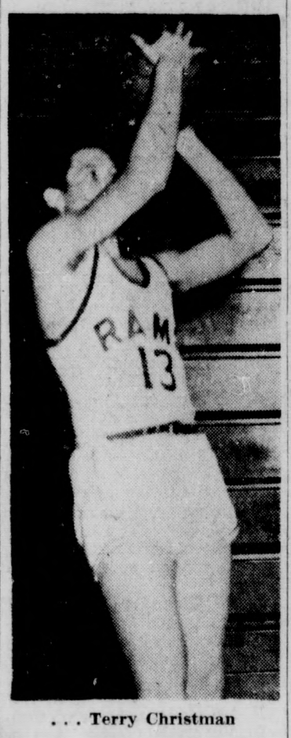

Westmoor's Rams accomplished three things by cakewalking to a 61-56 win over Jefferson last Friday. They:

(1) Moved into a first place tie with Capuchino and San Mateo, as the Bearcats downed the Mustangs.

(2) Won their first ever league tilt from the Indians.

(3) Scored the most points, thus far, in one Peninsula League tilt.

Not left in the cold, as far as accolades go, Jeff could boast of the deadly shooting of Gary Molossi. "Buckets" hit the highest single game total this season by popping 27 markers through the nets. The variety of shots he made was something to watch; a left handed drive

. . . Terry Christman

in, a tip, his favorite jump, and set shots.

Clark (Candy Bar) Beerman did almost everything right for the Rams .He made two errors that were readily apparent. He missed the shot he took at the wrong basket and lost the tip at the beginning of the fourth quarter. However, he can't be faulted for those two errors.

It would be like saying Michelangelo let two teardrops of paint while he was painting the Cistine Chapel. Whenever the Indians started to pull close, Beerman would hit with a two pointer. Unlike the South San Francisco game, where he also scored 24 points, most of his points came on long shots and not from inside.

Terry Christman meshed 8 field goals for 16 points but he was'nt as impressive as in the San Mateo fray. Terry had the shots and couldn't be faulted for taking them, but his average was poor. Either he misseed too many or onlookers expected too much of him.

Andy Saranchock was the unsung hero of the contest, and not for giving Westmoor its first two points which Jeff could not catch up with. He had but 8 points but didn't miss many shots.

As usual, Indian Coach Mike Orlich couldn't compiain his team didn't have the number of tries required to make points. Jeff attempted 67 field goals, while Westmoor had 45 chances. It was mainly due to the boardwork of Hiram Sibley, Gary Bonini and Jack Horn that Jeff had this many tries.

Rich Mortola and J. B. Berry sometimes showed sparks of igniting the Indians, who outscored Westmoor by three points in the second half. The 32-24 half time deficit was too much for the Indians, though.

The Westmoor lightweights bowed before the arrow slinging Indians of Rick Warne, 54-28. The massacre was so complete that Warne used reserves most of the second half. Slick Bobby With had 13 points and Sonny Stoller 15, although they played little more than half the game.

The Indians opened up a 37-20 half-time advantage by outscoring the Rams, 19-6, during the second quarter.

W'moor Nudges Jeff Wrestlers

Jeff Coach Joe McGrath said Charles DeArman was sick and unable to compete. DeArman pinned Glenn Stenstrom the last time Jeff and Westmoor met and if he were available to do the same this time, Jeff would have walked off with the win.

Blevins To Head Ram Tracksters This Fall

BOB BLEVINS, 28-year-old Pacifican, will coach the varsity track team at Westmoor starting in September. Ernie Ribera has one more year at the helm before starting his duties as dean of boys for the Pacifica high schoolers. Blevins is currently the wrestling coach at Westmoor.

Bob Blevins, 28-year-old wrestling coach at Westmoor, will become the Daly City school's head varsity track coach starting next fall.

Blevins will replace Ernie Ribera who will move to one of the Pacifica high schools in 1961 as dean of boys. Blevins' assistants will be Pete Matisi, who will handle the weight men, and Al Wolf, who will coach the distance and middle distance runners.

Blevins still holds the Fresno County high hurdles mark of :14.4 which he set while at Fresno High School more than 10 years ago. He was also the Far Western Conference low hurdles champ while at San Francisco State. His best time was during the trials, :23.1.

He was on the 1955 SFS squad and was co-captain of the team in 1956. In 1957, while doing graduate work, Blevins was one of two JV track coaches.

In 1958 he worked with John Barnes, 880 Olympic runner from Occidental, as co-coach for the Redwood High School (Visalia) track team.

Besides his coaching appointment by Principal Glenn South, Blevins noted his wife is expecting.

The native of Fresno lives at 235 Milagra drive, Pacifica.

RAMS HAND BEARCATS FIRST DEFEAT

CHRISTMAN SPEARS SM IN 33-32 JOLTER

Terry Christman devoured Bearcat last Wednesday at the Rams' gym

It was the sharpshooting lefty's long jump shots that carried Westmoor past San Mateo, 33-32, in an upset which knocked the Bearcats out of a first place tie with Capuchino and evened them with the Rams at 3-1.

The score changed hands seven times during the first half. With Dave Balsley leading the way, the Bearcats moved to a five-point lead at halftime, 20-15. San Mateo, taking a total of 40 shots while Westmoor had 37, had its largest lead at 25-19 midway through the third quarter.

From that point on, Christman's spectacular 7 of 10 firing meant the difference. Christman's three long jumpers from the side and a lay-in moved Westmoor ahead, 27-26, with 1:06 left in the third quarter.

Then again, it was a driving lay-up by Bill Dougherty and a set shot by Christman that pulled the Hilltoppers further into the lead at 31-26. Mike Zocchi swished two fouls and Balsley fed Myron Wacholder for a two-pointer inside for a slim 31-30 Ram margin.

Dougherty's excellent ball handling almost went for nought. Bill's three high arching foul shots fell harmlessly away from the bucket. Clark (Candy Bar) Beerman played most of the second half though having four fouls on him during most of the first half. It was his rebounding at this juncture that kept the Rams alive.

He was invaluable even though none of his shots dropped through the bucket. Westmoor went into their "freeze" offense and Christman, all alone under the bucket, sank the shot that moved the Rams to 33-30. With 30 seconds left Zocchi's close jump shot popped through the net.

Play became hectic and the baskets weren't the only duel. Beerman and Zocchi both missed right hand-cross punches after three Bearcats practically jumped Dougherty when he called a time out.

Zocchi took a 20-foot jump shot with 8 seconds remaining, and as Dougherty blocked the toss, Wacholder fouled Beerman. Beerman missed the free toss but it was too late for further action.

If the Rams would have lost, it would have been due to ragged free throwing. They made but 7 of 20. Another big loss could have turned out to be Barry Krohn's fouling out with almost half the game remaining. However, Dick Reese took his place adequately on defense, if not offense.

The lightweights remained in the league cellar by losing to the Bearcats, 32-28. Harry Brown had 10 points for the Rams while Jack Lee led the scoring with 12 digits.

By LOU LUCIA

HO-HO, JOE-JOE: San Francisco State's undefeated 1959 football coach Joe Verducci was telling us by phone of the tyranny at the NCAA football Rules and Regulations Committee meeting. It seems that General Bob Neyland, Director of Athletics at Tennessee, was presiding. A few of the coaches were late for the first meeting by one solitary minute. The General lambasted all in sight, laying down strict rules as to meeting times throughout the three days, exact period of coffee breaks and synchronization of watches. When Neyland got through, all the coaches, including, Bud Wilkinson, Oklahoma; Frank Howard, Clemson; Fritz Crisler, Michigan; Jesse Nealy, Rice; Wally Butts, Georgia; Davey Nelson, Delaware; and Verdooch, simply sat there and said, "Yes sir, yes sir." When Verducci finish his tale, everyone listening at the San Francisco State office laughed because of the grown men taking the orders. However, there wasn't even a smile on Lou Lucia's dead-pan. Verducci thought we were a great listener. He found out seconds later that the phone connection had been broken in the midst of his story. So Joe, this is just for you, "Tee-Hee, ho-ho, giggle, snort."

* * * * * * *

COACHES WANTED SUBSTITUTION: Verducci said that all the coaches were in favor of free substitution, while the administration of the NCAA wanted the ruling as it was last year, a player entering no more than twice a half. Joe said, "Everybody goes into the meeting with pre-conceived ideas but these don't always work out. The committee has to come out with the best rules for football; and that includes the fans, TV-radio, and the players themselves." For this reason, the mentors adopted having one player be used as a free substitute; a sort of half way point between the administration and the coaches. It is our estimation that this one player will be the quarterback on almost every team in the nation.

FROM BAR TO BAT: We've heard that Joe Delfino, former Mission High School of San Francisco second baseman, is planning a return to the New York Yankees organization. Delfino, 24, is the current owner of a Mission district tavern. It seems that "The Flash" was a bit perturbed when both he and Bobby Richardson were brought up to the Yankees for spring training a couple summers back and Richardson sayed while Delfino took the road back to the minors.
